

Product Overview: Safari™ Books Online

Safari™ Books Online is a joint venture of *O'Reilly Media* and *The Pearson Technology Group*, offering a valuable collection of reference content from these two premier publishers.

With **Safari™ Books Online**, users can find exactly the information they need from a source they can trust, all in a fraction of the time they'd spend searching elsewhere.

Safari™ Books Online

Safari™ Tech Books Online is the ideal ready-reference resource, providing a level of authority, flexibility, and currency unequalled by other online IT reference databases. Featuring over 7,700 titles from more than 20 imprints, it covers the technologies most essential to users including certification, enterprise computing, Java, Linux/Unix, Web development, Windows, XML, and more. Users can search hundreds of books simultaneously online, quickly finding the information they need.

Together O'Reilly Media and The Pearson Technology Group deliver well over half of all IT books published.

Safari™ Business Books Online delivers instant, reliable answers to both students and researchers. From problem solving and leadership to customer service and employee performance, these e-reference business books deal with a wide range of critical business skills. The database includes over 1,500 titles from more than 15 imprints from the most well-known publishers in the field.

Subscribers to **Safari™ Tech Books Online** or **Safari™ Business Books Online** may select between accessing the whole file, current file or a virtual bookshelf.

The whole file includes all books available in **Safari™ Books Online**. The current file comprises of the current publication year, plus the two prior publication years for **Safari™ Tech Books Online**, or the current publication year, plus the three prior publication years for **Safari™ Business Books Online**.

Subscribers to the virtual bookshelf subscribe to a set number of slots, allowing subscribers to pick and choose, which books to include from the entire Safari Books Online library. After placing a book on the virtual bookshelf it can be swapped or exchanged for another book after thirty days.

Indexing for Safari™ Books Online

Safari™ Books Online contains the complete searchable full-text for all included books.

Users may select to search the entire full-text, or book title, video title, section title, author, ISBN, publisher and category – or any combination thereof.

Administration / Setup

Safari™ Books Online makes available usage reports, MARC records and durable URLs to books from the Safari Backoffice. Please contact ProQuest technical support at support@proquest.com to obtain the URL for the Safari Backoffice and request your administrator username and password.
